

SITECLOUD PUBLIC SAFETY

Advanced Solutions for Critical Operations

SiteCloud Public Safety Solutions Provide Maximum Flexibility for Rapid Deployment with Priority Connectivity

SiteCloud Public Safety enables emergency responders to rapidly deploy rugged, solar, wireless camera solutions on temporary or permanent remote sites with priority network connectivity. It builds on Sensera’s multi-year history supporting municipal and government customers and offers benefits including preemption, mobile broadband priority, wireless priority service, wireless private network, and private network traffic management on the world’s largest cellular network. These features help ensure reliable connectivity to Sensera Systems devices during emergency response activities.

- 4G/LTE Connectivity
- Real-time & Recorded Video Capture
- Compact Solar+AC or AC-Only Models
- Remote Site Access
- No Complex Configuration or Setup
- Multi-application

Real-Time Eyes On Sites For Critical Operations Of Every Size and Situation

Sensera’s SiteCloud Public Safety solutions consist of solar/wireless cameras, SiteCloud software and service, specially priced unlimited LTE cellular plans, and optional accessories for turn-key rapid deployment on temporary and permanent sites. The system can be setup and accessed via web/mobile in minutes with no special training.

- ✓ Temporary and permanent deployments
- ✓ Utility asset monitoring and remote site security
- ✓ Police protection and special events support
- ✓ Emergency Response
- ✓ Environmental remediation documentation
- ✓ Fire Protection

ABOUT SENSERA SYSTEMS

Simply put, Sensera Systems provides the most flexible, reliable, and affordable camera solutions in the industry.

Our professional solutions are purpose-built for the rigors of temporary and permanent outdoor and remote sites. Whether you are working to improve public safety, provide transparency for a public project, protect and manage remote assets, stop illegal dumping or trespassing, and vandalism, improve road systems, or create a smart city. Sensera Systems offers you unique and complete solutions. Our proven systems have been deployed by hundreds of municipal and industrial customers across North America including parks, public works, water and electric utilities, police, and fire departments. Sensera Systems' all-in-one solutions can be deployed as needed, incrementally, and without large up-front network or infrastructure costs.
